EXECUTIVE SUMMARY

Certified Operations & Automation Specialist with 4 years of experience scaling 6 and 7-figure agencies. I specialize in identifying bottlenecks before they break a business. I build the systems that let agencies focus on execution. Proven track record of saving 1,800+ hours annually and driving 80% efficiency gains through Monday.com architecture and n8n automation.

WORK EXPERIENCE

Chief Operations Officer

Creative Vision

- Saved 1,800+ hours annually by architecting a custom Work OS in Monday.com and implementing n8n automations to eliminate manual data entry.
- Delivered an 80% efficiency boost by auditing existing "project chaos" and building a scalable infrastructure for video production and content creation.
- Managed end-to-end production pipelines as measured by 100% on-time delivery of creative assets across all internal and client-facing departments.
- Integrated AI-driven systems (n8n, Gemini, Claude Code) to reduce manual tasks by 60%, allowing the leadership team to focus on high-level growth.

Video Editing Director

Creative Vision

- Reduced post-production turnaround time by 35% by developing and refining standardized workflows and automations.
- Directed a high-performing team of video editors, overseeing creative quality and storytelling for social media assets while maintaining a 90%+ client satisfaction rate.
- Streamlined the revision lifecycle by implementing a centralized feedback system.
